MediaFlyer Express Quick Start Guide

Get your company's message out for less than the cost of traditional print or broadcast advertising.
Your digital signage is up and running in no time at all.

Setting Up MediaFlyer

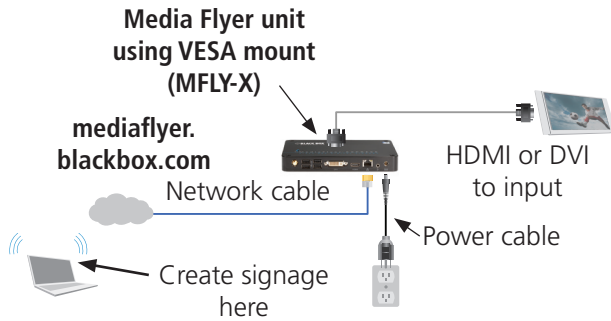

The MediaFlyer connects a display to your network and, via your broadband connection, enables you to control your displays from anywhere in the world using the Internet.

Connecting Your MediaFlyer Hardware

1. Plug in the MediaFlyer Express components.
2. Connect the components to your displays.
3. Connect the components to the network.

Turn the page to see a connection diagram...

Connecting Your MediaFlyer

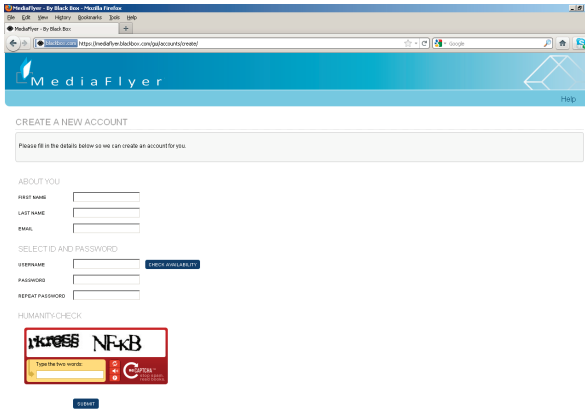

Software Installation

1. Create a New Account

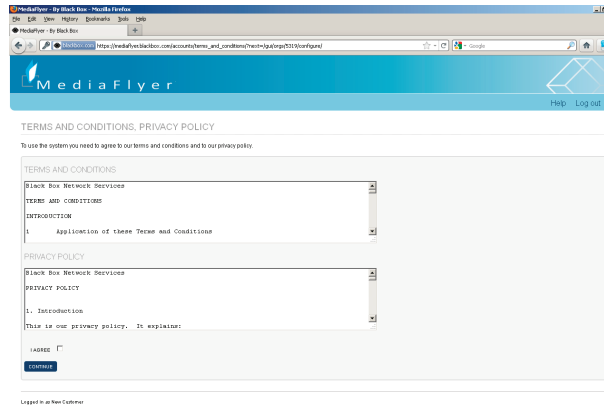

Once you have plugged in everything and switched on the power, your screen should show a serial number and direct you to mediaflyer.blackbox.com.

Using an Internet-connected computer, browse to mediaflyer.blackbox.com and click on "Create New Account."

2. Terms and Conditions

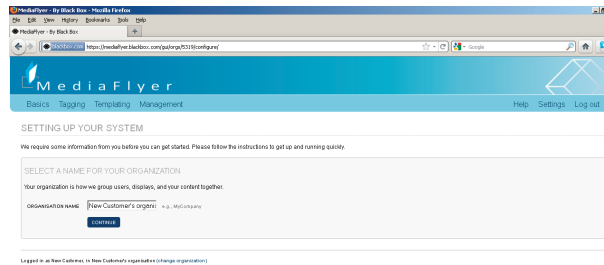

The following screen appears:

Click on the "I AGREE" checkbox, then click on "CONTINUE."

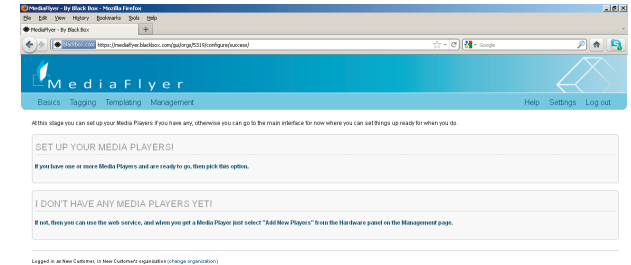

3. Create an Organization

Type in a name for your organization, then click on "CONTINUE."

4. Setting Up Your Media Players

Choose "SET UP YOUR MEDIA PLAYERS!"

5. Setting Up Your System

Enter the serial number, then click on "CONTINUE."
