

The Diamond® i132 iPanel is a cost effective desktop platform suitable for a wide range of desktop applications.

Black Box recommends Microsoft® Windows® XP Professional

Diamond® i132 iPanel

The i132 iPanel is a cost effective All-in-One built on the Intel® Desktop Board D101GGC motherboard.

Integrated features include the ATI RADEON® XPRESS X200 graphic engine, Intel® High Definition six channel audio and a 10/100 network connection.

The i132 satisfies the performance requirements of most business applications with economy and reliability.
